## **Knauf Insulation Earthwool Redi-Klad™ 1000° Pipe Insulation – Notice of Discontinuation**

**Q1) What is being discontinued?**

Knauf Insulation is discontinuing the Earthwool Redi-Klad™ 1000° Pipe Insulation product line in its entirety.

**Q2) When is this change happening?**

It is effective immediately with this notice.

**Q3) Why is this product being discontinued?**

Knauf Insulation was informed by its facing vendor that the Redi-Klad™ facing would cease to be offered for sale. Knauf Insulation has performed an extensive search for a zero-perm, durable, and cost effective replacement, and has not been able to find a solution that meets the demanding requirements of the Redi-Klad™ product.

**Q4) Is there any Redi-Klad™ material still available?**

There remains a small amount of finished goods inventory. See second page for material currently available as of the publication date of this notice

**Q5) How would I go about purchasing remaining inventory?**

Remaining inventory of both finished goods will be made available on a first-come, first-served basis. Please contact your Territory Manager or Customer Service Rep.

**Q6) Will Knauf Insulation bring back Redi-Klad™ 1000° Pipe Insulation?**

Knauf Insulation is constantly evaluating market demand for high performance, convenient products. We will continue to evaluate the opportunity to bring back a high feature facing wherever a sound business case can be developed, and a supply base can be confidently established.

**Q7) Does Knauf Insulation have any recommendations for alternative materials?**

There are no materials that meet the full specification requirements of the Earthwool Redi-Klad™ product currently commercially available. There are numerous suppliers of multi-ply, low or zero perm rated durable products that are frequently field or shop applied to base fiber glass pipe insulation for similar applications. Suitability for the application of these materials is solely the judgment of the Engineer.

| Product code | Material Description                | Cartons/ Available |
|--------------|-------------------------------------|--------------------|
| 5002761      | PI 1.00 X 2.00 X 3.00 RK 20 PC CT B | 8                  |
